The president of the planet Minos spoke to the people of his planet. “Minos people,” he said, “I have some exciting news for you. Last night I saw something very unusual in the sky. I don’t believe in UFOs, but this certainly looked like a UFO to me. Anyway, I watched this strange light in the sky and it got closer and closer. And after about twenty minutes it started to come down. And – it landed on our planet, Minos! It landed not very far from my palace, so my servants and I ran to find the spaceship. We found it in a field and we watched as the door to the spaceship opened. Then three strange creatures came out of the UFO. They had one head (not two like us), two legs (not four like us), two arms (not one like us) and they looked very strange. I walked up to one of the creatures and held out my hand. The creature was scared at first, but then it walked towards me and held out its hand, too.

‘Where are you from?’ I asked.

‘I’m from Earth,’ said the creature.

‘What is Earth like?’ I asked.

‘It’s a bit like your planet,’ said the creature. ‘We have air and water like you do.’

‘Is Earth very far from here?’ I asked.

‘No, it takes about fifteen years to get there,’ said the creature. ‘Do you want to come and visit Earth?’

‘Yes, I do,’ I said. ‘Let’s build a big spaceship together and go to Earth,’ I said.

‘That sounds like a nice idea,’ said the creature. ‘We can be back on Earth before the year 2100.’

So people of Minos, that’s what’s going to happen. My strange friends and I are going to travel to Earth. We’re going to build a big new spaceship. We’re looking for one hundred people to help us. And then you might get a free trip to Earth! Let me know tomorrow so we can start. Thank you, people of Minos!”

Reading

1 Read the text. Then tick the correct pictures for the story.

Scarlett was out in the forest near her village. Suddenly she heard a strange noise. She looked around, but there was nobody there. Then she heard the same noise again. She turned around and this time she saw a small gold key on the ground behind her. She picked up the key and looked at it. Then she looked at the path* in front of her and she saw a little house. She didn't remember seeing the house before. "That's odd*," she thought, "I didn't know there was a house here." She walked up to the house and knocked on the door. There was no answer. Then she remembered the key. She got the key out of her pocket and put it in the door of the house. The door opened. Scarlett felt a bit scared, but she walked into the house. Inside there was a small table and a big, comfortable chair. Scarlett sat down and suddenly she felt very tired. She closed her eyes. Then the chair started to turn round and round very quickly. After a minute, the chair stopped turning. Scarlett felt very strange. She stood up and went out of the house. Everything looked different. There were no trees, only big flowers everywhere. And there were some strange creatures on the ground. Scarlett was in the year 3000!
